

REVOLUTION IS SPREADING IN CHINA

President Yuan's Regime Tottering, According to General Belief

SOUTHERN REPUBLIC LIKELY TO FOLLOW

Heavy Fighting in Shanghai and Looting Has Started; Foreigners Flee

PEKING, July 25.—Dispatches from Shanghai state that the Chinese rebels are steadily attacking the arsenal, but the government forces continue to hold their own. The Shanghai operator believes Nanking is in the hands of the rebels. The fact that no direct news can be had from Nanking lends strength to the belief. Canton dispatches say an army of ten thousand has left there to fight the northerners. News of revolt is coming from many sections of the republic. The Kwangsi province, it is reported, has declared for revolution. President Yuan's regime is facing defeat, according to the general belief, and the establishment of an independent southern republic is believed to be likely.

LOOTING IN SHANGHAI: RESIDENTS ARE FLEEING
LONDON, July 25.—A Shanghai dispatch to the Daily Telegraph says: "Looting has begun in the city and the residents are fleeing. Many fires were caused by bursting shells, and several foreigners were wounded by stray shots. "Shanghai is so full of refugees from Nanking and Kiu Kiang that the people are sleeping in the streets. A boat load of southern deserters was sunk by the gun fire. The southerners have occupied a rebel fort near the arsenal."

PROPOSES FORMAL PROMULGATION OF MONROE DOCTRINE

WASHINGTON, July 25.—Formal reaffirmation of the Monroe Doctrine by congress as a "warning to Japan and others" was proposed in the house today by Clarke of Florida. He introduced a resolution declaring it the intention of the United States eventually to withdraw from the Philippines.

PRESIDENT'S DAUGHTER HEROINE OF FIRE

EAGLESMERE, Pa., July 25.—With a high wind blowing showers of sparks from a burning cottage adjoining her hotel, Miss Margaret Woodrow Wilson, daughter of the President, was forced out into the rain here yesterday. She helped the servants to move her belongings from the threatened building, and she was the calmest person in the excited throng of summer residents. For more than an hour the daughter of the President, soaked by the rain, but very evidently enjoying the excitement, watched the fire-fighters when it became necessary to strip the adjoining houses.

TURKISH INVASION OF BULGARIA CONFIRMED
VIENNA, July 25.—Confirmatory reports that the Turks have invaded Bulgaria and captured Jamboli were received today. It is further reported that the Moslems have occupied Philippopolis. No further news is reported of military activity in southern Russia. It is impossible to learn from the government whether representations have been made to St. Petersburg regarding the Austrian attitude in the event of Russian interference in Bulgaria.

Bulgaria Drafting Protest
SOFIA, July 25.—Bulgaria is drafting to the powers a protest against the invasions of Bulgarian territory by the allies.

"Only Mashing," Get Five Years In Penitentiary

LOS ANGELES, July 25.—Because they halted two fair maids in Eastlake Park with "Hello, Cutie; hello sweetness," Fred H. Dodge and Amos Bradley were sentenced to five years each in the penitentiary. The charge was attempted robbery. Although the men affirmed a "harmless flirtation" was their only intention, they were arrested when the girls screamed for help.

Jail Delivery Was Feared at Sing Sing
OSSING, N. Y., July 25.—Fearing an attempt at a jail delivery at Sing Sing following the continued matings of the last few days Warden Clancy summoned all guards to duty at 5 o'clock this morning, when preparations were made to remove sixty-five rebel prisoners to Auburn prison.

Bandit Killed by Nerve Drug Clerk
CUSHING, Okla., July 25.—Opening fire from behind the prescription case a young drug clerk shot and killed one of two bandits attempting to hold up the Diamond Drug Co. this morning. The other bandit was captured.

Earthquake Recorded at Georgetown University
WASHINGTON, July 25.—The Georgetown University seismograph registered an earthquake from 7:44 to 8 o'clock this morning. The indications are that the seat of the disturbance was 2000 miles distant.

TRAPPED BY FLAMES IN STREET CONDUIT

LOS ANGELES, July 25.—Climbing a ten-foot ladder through a mass of flames and smoke, C. L. Meade, an employe of the Home Telephone Co., escaped through a manhole in an understreet conduit today after fire communicated to the conduit had ignited gaseous accumulations. Flame had been pouring from the manhole for several seconds when Meade, his face seared and blackened, struggled through the narrow aperture and fell unconscious on the street. He has an excellent chance of recovery.

C. A. FOWLER AWARDED STATE ROAD CONTRACT

SAN BERNARDINO, July 25.—The contract for the first six-mile section of the state highway on the Foothill boulevard is awarded by the state commission to C. A. Fowler of Los Angeles, who bid \$29,279, as against the state engineer's estimate of \$38,272. The first section of the highway that is to join this city with the Los Angeles county good roads at Claremont on the Foothill boulevard will be from San Bernardino west through Rialto for a distance of six miles.

GREAT GASSER STRUCK ON MURPHY LEASE

WHITTIER, July 25.—Enough gas went to waste last night in the Coyote oil fields, six miles east of Whittier, to have cooked breakfast for the half million inhabitants of Los Angeles this morning, leave enough for luncheon, and supply outlying districts as well. All this gas is escaping from one well owned by the Murphy Oil Company and it is making such a tremendous racket that the roar can be heard in Whittier. Gas was struck in this well yesterday in a pocket 3000 feet below the earth's crust. When the pocket was tapped the gas blew out of the casing with a force that carried it 400 feet in the air. The force of the first blow-off carried away half the derrick. A year ago this same well blew off when the 2500-foot level was reached and blew tools 200 feet in the air. There is oil in sight but the Murphy company isn't satisfied. It believes the well with coaxing can be made to yield 32 gravity oil.

PRESIDENT HANDS OUT 'FRISCO JOBS

WASHINGTON, July 25.—The following nominations were sent to the Senate by President Wilson today:
Superintendent of the San Francisco mint, Thaddeus Shanahan, assistant federal treasurer at San Francisco.
Collector of customs at San Francisco, J. O. Davis.

CHICAGO WOMEN DATA COMPLETE ARE UP IN ARMS READY TO GO NORTH

Resignation of Ella Flagg Young, Noted Educator, Raises a Storm
State Will Not Wait Until County Gets All the Deeds Needed for Road

HAD MET DIFFICULTY WITH SCHOOL BOARD THAT MATTER IS UP TO COUNTY

Great Mass Meeting Will Be Held Sunday to Protest Resignation
Road Through La Habra is Going to be Improved

CHICAGO, July 25.—Chicago women will hold a gigantic mass meeting Sunday evening to protest against the resignation of Ella Flagg Young as superintendent of schools. It is alleged Mrs. Young resigned on account of opposition by the members of the board of education, resulting in a clash over text books whose adoption she recommended. Jane Addams declared the resignation was forced and was a disgrace to Chicago. She is the leading spirit for the mass meeting to force the return of the woman superintendent.

RESIGNED AFTER 31 YEARS OF SERVICE
CHICAGO, July 25.—Mrs. Ella Flagg Young announced last night that she had resigned as superintendent of Chicago's public schools. The hostility of certain members of the board of education was responsible, she declared. The resignation, which is effective August 13, was presented to President Peter Reinberg, yesterday. He later sent her a note, requesting that the resignation be withdrawn. Mrs. Young refused.

Mrs. Young has been engaged in teaching in Chicago since 1882. She has been superintendent of schools since 1909. She was the first woman elected president of the National Educational Association.

MARTIAL LAW MAY PREVAIL

Renewed Rioting by Staking Miners Last Night But Situation Hopeful Today

CALUMET, Mich., July 25.—With scores in the hospitals with broken heads as the result of last night's renewed rioting by the striking copper miners, 500 militia are patrolling the streets today in an attempt to maintain order until the arrival of reinforcements. It is feared the strike will extend to all the miners in the Michigan peninsula. The miners are heavily armed. The majority of the American residents welcomed the troops, but the foreign element is surly. The troops are quartered in the armory. There have been few clashes today, and the situation generally is more hopeful. Governor Ferris and Brigadier General Abbey will arrive tonight to take personal command of the strike situation.

May Declare Martial Law

LANSING, Mich., July 25.—It is learned authoritatively that martial law will be declared before tonight in the Michigan copper country, where 25,000 miners are striking. Governor Ferris is expected today to take personal command of the situation. Adjutant General Bandercock has arranged for special trains to transport troops to the affected districts.

SAYS TARIFF BILL TO PASS BY AUG. 15

WASHINGTON, July 25.—A defense of the Underwood tariff bill, and prediction of its speedy enactment was voiced in the senate today by Williams of Mississippi, who said: "The tariff bill should pass the senate by September 1. There will probably be but one more general discussion from the majority standpoint. Works will conclude his speech this afternoon."

SUFFRAGE CONGRESS TO MEET IN WASHINGTON

WASHINGTON, July 25.—A congress of women, representing 4,000,000 voters, will meet in Washington on August 15 to outline plans for extending the franchise to non-suffrage states. On August 14, Chairman Henry of the House rules committee has promised to receive a delegation which will appeal for a woman suffrage committee in the House.

MEXICAN SITUATION SHOWS IMPROVEMENT

President's Mediation Plans Being Generally Received With Favor—Ambassador to Land Tonight

WASHINGTON, July 25.—Secretary Bryan returned to Washington today to find the general Mexican situation improved. The Mexican colony here has approved President Wilson's suggestion of mediation in Mexico. All are now awaiting the arrival late today of Ambassador Wilson for tomorrow's conference. The impression is growing that John Lamb, of Terre Haute, Ind., will be the American plenipotentiary. If a new ambassador is to be named, Lamb is also favored. Both Huerta and Carranza will be urged to take an active part in the election. Indeed, it is the desire of the administration that the fullest opportunity shall be given every citizen eligible to vote under the Mexican Constitution, to take part in the election. Ample time will be given for the candidates to campaign. Thus, for the first time in its history, Mexico, if the president's offer of mediation is accepted, will have an absolutely impartial election, free from force of coercion of any kind. Just how the election will be supervised is a detail still to be worked out.

PRESIDENT CHOOSES LAMB FOR MEDIATOR

WASHINGTON, July 25.—Positive information has been obtained that former Congressman John E. Lamb of Indiana, who will be the next ambassador to Mexico, has been selected by President Wilson to mediate between

the Mexican factions with a view to restoring peace. The president will withhold official announcement of his mediation plan until after a conference with Ambassador Wilson, which will take place on Monday next. Mr. Lamb will call upon Gen. Huerta and Gen. Carranza, the leaders of the strongest factions, and urge upon them, in the interest of their own country, that they agree to a cessation of hostilities and the holding of a fair election. Both Huerta and Carranza will be urged to take an active part in the election. Indeed, it is the desire of the administration that the fullest opportunity shall be given every citizen eligible to vote under the Mexican Constitution, to take part in the election. Ample time will be given for the candidates to campaign. Thus, for the first time in its history, Mexico, if the president's offer of mediation is accepted, will have an absolutely impartial election, free from force of coercion of any kind. Just how the election will be supervised is a detail still to be worked out.

BAFFLED BY NEW DISEASE REDLANDS IS AFTER STATION

Heavy Death Rate in Northern Counties from Unclassified Epidemic
Offer of Site Has Been Made; Director Has Gone North
SACRAMENTO, July 25.—A new infectious disease with a mortality rate almost equal to that of plague, which is marked by the symptoms similar to those attendant on oriental dysentery, typhoid and cholera, but which has been proved scientifically different from those maladies, is baffling the California State Board of Health. Dr. Wilbur F. Sawyer, director of the state hygienic laboratory, who was assigned to the case some months ago when the disease was first reported from Woodland, Yolo county, in a recent report to Dr. Snow, secretary of the health board, practically admits his failure thus far to identify it. "The board has been investigating the disease for some time through Dr. Sawyer," said Dr. Snow yesterday. "It will continue to do so until something definite is known. We first encountered an epidemic in Woodland, and before it was stamped out, or rather disappeared, twenty-two people were attacked and several died. There are now five cases at Bay Point, and I think there have already been many fatalities. "The disease is epidemic dysentery in some form. Several inspections of the water, milk and food supplies of the districts, which have suffered, showed that the trouble did not come from any of those sources. It resembles very much tropical dysentery in its effect, in symptoms and in its seriousness, but it has been shown by Dr. Sawyer that the bacillus is a new one."

SUFFRAGETTE NEAR DEATH

Blood Transfusion Resorted to in Effort to Restore Mrs. Pankhurst's Strength

LONDON, July 25.—Death may soon end the suffering of Mrs. Pankhurst, who was released from Holloway jail yesterday as the result of her hunger strike. She was taken direct to a hospital where a blood transfusion operation was performed. She was restless and weakening during the night and her condition is of the gravest today. Lady Sybil Smith, Evelyn Sharp and Mrs. Pethick Lawrence, suffragettes who were arrested yesterday in the visitors' gallery of the House of Commons, where they led a delegation of protestants against the "cat and mouse" act, were given a fortnight jail sentence each when they refused to give \$200 bond for their good behavior on arraignment today.

RAINS CAUSE HEAVY DAMAGE IN IDAHO

BOISE, Idaho, July 25.—Heavy rains are continuing and there has been much damage in Southern Idaho. The lower sections of Boise are flooded. Many homes have been destroyed at Pearl, and much mining property damaged. The Fayette and Boise rivers are rising rapidly. Grain crops have been severely damaged.

COLLAPSES ON WITNESS STAND

Sensational Crisis in Testimony of Mulhall Before Senate Probers

HAD BEEN ON STAND ALMOST THREE WEEKS

Committee Announces No Cross-Examination of Witness Will be Permitted

WASHINGTON, July 25.—Col. Martin Mulhall collapsed on the stand in the senate lobby probe today, crying: "For God's sake, have mercy; I am at the breaking point." Chairman Overman thereupon adjourned the hearing until Monday. Mulhall had been on the stand constantly for almost three weeks, and the collapse was not unexpected. Before the end came he testified to writing to ex-Senator Foraker in October, 1910, saying he had had a talk with President Taft, "who seemed anxious to get our people actively at work in Ohio, also saying he was most pleased with the work I said I had done in Massachusetts and other states." Mulhall said he wrote Henry Joy of Detroit that the loss of Senator Barrows was not a calamity, as "Barrows is getting old and is of little service in the senate. Townsend will be our friend for two years. He was inclined to insurgency at first, but has changed front completely." When Mulhall resumed the stand today the committee announced that the witness will be released when he completes his direct testimony. Cross-examination will not be permitted.

GAIN OF DAY ON SERVICE TO EAST

By New Schedule California Fruits to be Landed in Chicago in Six Days

SAN FRANCISCO, July 25.—Fast freight service which will place California fruits from the San Joaquin Valley and points south into Chicago markets a day earlier than formerly, was inaugurated this week. The first shipments having left Monday. Late trains leaving Fresno nightly will arrive in Chicago in six days, delivering the fruit for sale in the eastern markets early on the morning of the seventh. The service is similar to that provided a month ago for Northern California, where the crops are earlier.

The plan is to run trains on all branch lines of the Southern Pacific throughout the valley to Fresno, reaching there late at night. Here the cars will be assembled, loaded and made into trains. In ten hours they will reach Louisville, where they will again be inspected, loaded and sped eastward after the engines are changed. The company figures on from three to five trains daily being sent east.

The Southern Pacific expects to have plenty of cars if the shippers will release them promptly after unloading. Unless this is done, the danger of a shortage in the rush season will be imminent. The California crop for 1913 is assuming large proportions, and many cars will be needed to carry it. For some time, the railroads have been repairing all their equipment and making efforts to guard against the stringency. There are cars enough, the officials say, but they must be kept moving to avoid a shortage.

BEEF TRUST IS AFTER THE AUSTRALIAN SUPPLY

SYDNEY, Australia, July 25.—The American beef trust is attempting to capture Australian products and is now erecting a freezing plant at Brisbane. Exporters here consider that a great increase in American trade is probable, owing to the reduction of the tariff and the opening of the Panama Canal.

PROPOSES NATIONAL MARRIAGE REGULATION

WASHINGTON, July 25.—A constitutional amendment to empower congress to regulate marriage and divorce was proposed in a joint resolution yesterday by Representative Edmonds of Pennsylvania.

SCHEDULE SHOWS MEN AVAILABLE FOR EMERGENCIES

The U. S. Forest Service has evolved a plan for emergency cooperative help between National Forests in case of serious fires. A schedule chart of the state, showing how many Forest officers and men can be mustered at any given point on the forests on emergency calls and how long it will take them to reach any part of the adjoining forests, has been prepared and is kept on the desk of the District Forester. Thus, when notice of a serious fire reaches the District Office, the District Forester can tell at a glance how many men can be delivered to the danger zone in a few hours.

As United States troops are available for forest fire fighting when life and property are seriously endangered, the District Forester is endeavoring to organize an emergency fire fighting force which will guarantee that the resources of the Forest Service are exhausted before troops are called for.

TARPEY GOES TO WASHINGTON TO FIGHT FOR GRAPE GROWERS

LOS ANGELES, July 25.—Armed with facts and figures, M. F. Tarpey of Fresno, pioneer vineyardist, veteran Democrat and distinguished California booster, left Los Angeles for Washington this morning to combat proposed national legislation which threatens to cripple seriously the state's grape and wine industry. Mr. Tarpey goes as the official representative of the grape growers of California and he hopes by a simple statement of the truth to persuade congress to reject the dangerous and destructive bills which have been introduced affecting so seriously the viticulturists of California.

Within the last few weeks the grape growers and wine makers of California realized the absolute necessity of having some forceful representative in Washington to appear in their behalf. Finally, when the situation became critical, Mr. Tarpey volunteered his services and he was commissioned to lay all the facts before the members of congress. Two propositions—one to increase the tax upon brandy—used in fortifying sweet wines thirty-seven times; and the other to reduce the tariff upon Zante currants from 2 to 1 cent per pound—are the menacing measures.

Senator Fomerene of Ohio is the author of the proposed bill to increase the brandy tax from 3 cents to \$1.10 per gallon. The other measure is an amendment to the tariff bill, Mr. Tarpey declares that both bills, if enacted, will be destructive to the grape and wine industry of California.

Vineyardists in every section of the state are alarmed over this legislation. Upon Mr. Tarpey they are founding their hopes that its passage will be averted.

Mr. Tarpey last night outlined his position and the position of all other growers of grapes. He presented the reasons why both of the proposed bills are dangerous and destructive, why both should be abandoned, and cited illustration after illustration to prove his contentions.

"I am going to Washington to tell the legislators there the truth concerning the grape growers of this great state," said Mr. Tarpey. "I am going to talk to them simply, and try to show every one why it is necessary to abandon the Pomerene bill and the proposed bill to cut the tariff on the Zante currants."

"Just a word of explanation about the Pomerene bill. This proposes to increase the tax on brandy used in fortifying the sweet wines thirty-seven times (from 3 cents per gallon to \$1.10). If this is enacted into law the grape industry, the wine grape industry will be extinguished. It will increase the price of wines to such an extent that we of California can not compete with the wine importers of Europe."

"As we make wine now, we make brandy from the grape and turn it back into the sweet wine to fortify it. Under the present tax we are able to sell wine at a fair price to the consumers. If this proposed tax is imposed it will, of course, increase the price of wine, turn the markets over to the importers and the quality of wine will be impaired."

Will Speak on Mexico

The "Register's" New Office Building, S. W. Cor. Third and Sycamore, Now Nearing Completion.

ATTRACTIVE NEWSPAPER HOME WILL BE READY FOR OCCUPANCY IN AUGUST

The Santa Ana Daily Register's new building is nearing completion, and will be ready for occupancy by this newspaper the first of August. The work of moving the plant from its present quarters to the fine new newspaper home will commence either on Saturday, Aug. 2, or Sunday, Aug. 3.

The big press will be located in the basement. The composing room,

job office and new book-binding will occupy the west portion of the first floor and the editorial rooms and business offices the east portion. Frederick H. Eley, the architect, has taken a five-year lease on the east half of the upper story, and that portion of the building is being finished with special reference to the use to which it will be put. There is a large, well-lighted draughting room,

a blue-print room and office. Mr. Eley will sublet two suites in that part of the building. The west half of the upper story will be finished in five or six two-room suites, which will be rented. No expense has been spared in the construction of this building for the purpose of making a handsome and convenient newspaper home. The exterior is unusually attractive.

TWENTY ROOMS IN HOUSE TO BE BUILT AT EAST NEWPORT

NEWPORT BEACH, July 25.—F. O. Engstrom, president of F. O. Engstrom & Co., will erect at East Newport Beach a twenty-room house, designed by the Commonwealth Home Builders, to meet the particular requirements of this locality.

A heavily-timbered brick and cement porch extends across the front of the house for seventy-eight feet and along the side for forty feet. The popular beach feature of enclosing the porch with glass is carried out along the side. The ten square columns built of tapestry brick extend through to the second floor balcony and give a distinct individuality to this part of the house.

The general floor plan is along the

lines of the letter H—a large wing on either side. The house will be finished in quarter-sawn white oak. The Craftsman style of trim will be used. The exterior is covered with shakes, stained a rich brown or gray.

BUILDING NOTES

A commodious school building is being erected by the German Lutheran congregation in the rear of their church on Chartres street, opposite the Central school, Anaheim. The building is 30x60 feet in dimensions and will contain two rooms. G. H. Jones, the contractor, who has charge of the work, says he will turn it over to the trustees in time for the opening of school, September 1.

Mr. and Mrs. P. H. Walling are occupying their beautiful new home on South Cambridge street, Orange, one of the most tasteful and complete bungalows in the beautiful little city.

G. G. Williamson has bought five acres of the J. H. Evans place at Villa Park. Mr. Evans retaining the three acres upon which his house is located.

H. D. Myers of Fairview, will let the contract at once for the construction of a two-story brick store and office building at the corner of Spurgeon and Third streets, Santa Ana, to cost \$20,000. It will be 65x120 feet, with pressed brick facing, composition roof, concrete foundation and basement, five stores on the ground floor with plate glass and copper fronts, marble bases, tile entrances, and offices in the second story.

OVER TWENTY MEN WORKING ON TEMPLE

Anaheim Gazette: Between twenty and twenty-five men are now engaged on the construction of the Masonic temple, at the corner of Center and Emily streets, and the walls are rapidly climbing skyward. J. S. Hiland, of Santa Ana, the contractor who secured the job, is the superintendent of the work, but Messrs. Donald & Young have charge of the construction.

Fifteen brick masons are engaged on the walls, the balance of the force working in the cement and carpenter departments. The work is advancing with extraordinary speed and the big building will be finished within three months.

The Masonic temple will be one of the most beautiful structures in Anaheim. Its dimensions are 80x120 feet. It will be two stories high with a basement, and the ground floor will be divided into three store rooms, all of which are already leased. The upper story will be devoted to lodge purposes. The cost of the structure, exclusive of the ground is \$32,000. When completed the temple will be an ornament to the city and will stand as a monument to the enterprise and progressiveness of the Masonic fraternity.

STONE IS APPOINTED AS DEPUTY INSPECTOR

H. F. Stone has been appointed by City Engineer S. H. Finley as deputy city building inspector. Mr. Stone has been in the building business most of his life, and understands it thoroughly. He now has charge of the issuance of building permits.

Building Notes

Inside finishers are at work on the new Gustlin residence being built on North Main street. White enamel with mahogany trimmings is the prevailing finish in this handsome home.

INSIDE FINISHING ONE BUILDING DONE

ORANGE, July 25.—The inside finishing of the commercial and domestic science building of the Orange Union High School has been completed and the inside work on the manual training building has been commenced. On July 29 the school board will receive bids for finishing equipment for the two buildings.

SUGAR BEET DUMP

FIVE CARLOADS OF SUGAR BEETS SHIPPED FROM THE TALBERT DUMPS WEDNESDAY

TALBERT, July 25.—The ranchers are very busy now harvesting their beets. The beet dumps on the Pacific Electric are being moved out some from the tracks on account of the new cars being built too high. Five carloads were shipped out last Wednesday morning from the dumps of the Holly Sugar Co. and the American Sugar Co.

Last Wednesday the bridge on the Farnsworth road gave away on account of the braces not being large enough. It was not due to any fault of the contractor.

A good number of people from here have been attending the revival services by Revs. Brow and Curry. Everyone seems to be well pleased with the meeting.

A surprise party was given last Wednesday night at the home of Mrs. Arnold Walker in honor of Mr. Harvey Walker's nineteenth birthday. Refreshments were served and all present seemed to have a good time.

GOV. JOHNSON AND THE NEW JUDGES

No, this is not an article in which any hint will be given as to whom Gov. Johnson will appoint superior court judge in this county—for the very good reason that the Governor has given no hint of his intention. All this talk about the "Big Four" or "Big Five" is sheerest nonsense. There is no "Big Four" or "Big Five"—or "Big Fifty," for that matter,—in this or any other county that can dictate appointments to Governor Johnson. And, incidentally, it may be remarked that there is no danger, or hope, as the case may be, that any of the executive appointments will be ground out by the operation of political machinery. This opinion, which was expressed by the Register some time ago is strengthened by the news that came from Los Angeles, where six superior court judges are to be appointed. Thus far, according to reliable information, notwithstanding the strong pull of the big Southern California county, not a hint has escaped from Sacramento as to the choice of the executive. But a well-defined rumor is current that Messrs. Taft and Fredrickson who withdrew from the ticket at the eleventh hour, at the behest of local Progressive leaders, are not to receive the reward popularly supposed to fall to them for their compliance. To the contrary, it is declared, their action offers strong grounds for their non-appointment.

By declining to face the election, after receiving endorsement at the primaries, the two candidates practically violated the obligation they took when they filed their notice of intention and this is regarded by Governor Johnson, so it is said, as unpardonable and will result in the elimination of them from further consideration. It is understood that upward of one hundred names have been under review by the executive whose desire seems to be to appoint only the men best qualified for the position. The Governor is keeping his own counsel and seems to resent anything like insistent suggestion, so it is declared. He has acquired much information respecting the candidates and is of an open mind, it is asserted.

VACATION

Now is the time to plan your vacation. Whether it is necessary or not, every person who is able to do so should seek some complete change of scene or occupation, at least once a year. The total output of the year's work will be greater for it and there will be more assurance of more competent years in the future with which to repeat and increase that output.

Confronted with the traditional choice of sea or mountains, the question is largely a matter of temperament. The active temperament will prefer the mountains and the contemplative temperament the sea.

By the sea you can sit and muse. Its breezes blow their own coolness upon you and its waves speak their own unceasing messages. The soul expands to the greatness of the sea by flying out over it on the wings of the imagination. There is civilization by the sea and on the sea. At the seaside hotel and on the ocean steamer the push-button standard of living still prevails. A touch of the button will deliver to you, without any further exertion than signing the check for the bill, whatever of creature comfort you desire. To the sea and over the sea you may be transported as a mere passive object, and the message of the sea requires only ears to hear and eyes to see.

In the mountains you must for the most part go yourself. Access by railroad or even by automobile is limited, and those means of transportation when they do exist deliver you only to the starting point. The breezes of the mountains must be climbed for; the greatness of the mountains must be won by struggle. Not the day dreamer on the cliff overlooking the sea, but the mountain climber on the peak attains to the full revelation of nature's greatness. The sea is a preacher, a poet and a painter; the mountain is a challenger, a competitor, and when conquered, a friend. Its beauties are for him who wins them and its joys for him who fights for them. In the very best part of the mountains there are no push buttons, nor indeed roads, roofs, nor inhabitants. Money will buy nothing in these fastnesses but the time and privilege of reaching them. They unlock themselves to personal effort and the joy of physical privation. To which call one will respond is a matter of temperament and taste. There is more than enough variety in California for every possible demand.—C. H. R., in California Outlook.

Political Watchtower

Just in Passing.

This is the month of July, 1913. Politically, local affairs are rather quiet. But the month of July, 1914, will find a far different state of affairs. There will be something doing every minute, and sometimes often. The men—and possibly women—who are then in the race for nominations will be busier than the traditional bee.

It is away too early for the Watchtower man's ap-ears to land much in the way of information. Looking over the county he sees an occasional cloud of dust raised by some more or less authentic rumor concerning somebody who wants to run for something, somebody who is preparing the way for the time when his friends will begin to urge him to get into the race. These embryo moments are always interesting to one who has no great interest in politics other than indulging in the pleasure of watching the wheels go around. The growth of one man's candidacy may be a long time germinating. Another man's candidacy, like the coming into being of Minerva of old, may spring forth full grown all in a day's time. It is far too early for candidates of the latter variety to be doing anything.

But it is not too early for some of the other kind, though in many instances it would take more than a spy-glass to detect the germ.

Of course, it is taken for granted that the every-day county officer is no sooner through with one campaign than he begins figuring on the next. Take our own beautiful little county with its magnificent communities. It takes no sage in politics to predict that a very large percentage of those now holding office are going to be re-elected if they can. Next year is going to be an unusual year. The elections will call for the selection of a new set of officers from top to bottom, in this county, excepting two supervisors. Supervisors Smith of Santa Ana and Schumacher can sit back in their easy chairs and watch the other fellows go to it. They won't

have to worry, for they are hold-overs. State Senator Anderson also is a hold-over.

But there will be two superior judges to elect, an assemblyman, three supervisors, and all the other county officers down to constables and justices of the peace.

The primaries are going to be different from anything local politicians have run up against. The new system will call for placing the names of the county candidates of all parties on all the primary tickets, so that Democrats can vote for Republicans and Republicans for Democrats, and of all the candidates for any given office the two receiving the highest votes will go on the ballot for the general election. The exception to this rule comes in when one candidate gets a majority of all the votes cast. That lucky fellow will thereby be elected to the office. He won't have to run at the general election. A good many of the local politicians expect to see several instances of selections at the primaries. This will be the result whenever there are only two candidates running.

Just how the Progressive and Republican camps are going to line out in county affairs is still problematical. The Progressives may put a complete ticket in the local field. Whether or not that is done remains to be seen. This much is certain, the Progressives have some good timber in its ranks for county offices, though in this county there are mighty few of the big men of the party who want any public office.

A lot of people are counting on seeing a lively scrap for the sheriff's office. There has been some talk that City Marshal Sam Jernigan of Santa Ana is likely to be after that job, and there is other talk that Theo. Lacy, that warhorse of the Democrats, three times elected sheriff, may be in the trotting class again. Of course, Sheriff Roddick's friends are counting on putting him under the wire again.

There has been some talk that W. H. Thomas would be a candidate for district attorney in case he is not appointed superior judge next month. Thomas is authority for the statement that there is absolutely nothing doing along that line. He declares positively that he will not be a candidate for that office.

A few days ago the Watchman who writes political articles for the Los Angeles Times had something about politics in Orange county. He got off his trolley a bit. He seems to have been informed that County Treasurer J. C. Joplin was not going to be a candidate for reelection. Joplin's friends do not see it that way. They say that the genial old warhorse will be in harness again and right on the bit. Beginning with the next term the office will pay \$2000 a year.

The Los Angeles Political Watchtower writer has the following:

"There are indications that Orange county is going to have woes of more than ordinary depth to mar its political surface the coming months. What besides the nominations of candidates for county offices and the state primaries, there is a motley crowd of aspirants for Democratic jobs under the national administration. There is one thing that must be said to the credit of the Orangemen who follow Woodrow Wilson, and that is that down to date they have brought forward fewer candidates for federal appointments than any other county in the state. All the Orange county Democrats are asking is the appointment of Attorney Ben E. Tarver to be one of the deputies in the United States District Attorney's office. Tarver will most likely be placed. About the time his appointment is announced we may also expect to hear the formal withdrawal of County Treasurer Josh C. Joplin from further activities in public life. Joplin is one of the old-timers in Orange and one of the very few Democrats who have been honored with the confidence of the people by election to public office. He has been several times elected county treasurer, and he is about sick and tired of the job. The salary attached thereto is what it was twenty years ago, \$1500 per annum, although the cash box has been taxed annually to half a dozen times its olden capacity. Jim Metzger, the urbane and bustling secretary of the Santa Ana Chamber of Commerce, is touted as Joplin's successor."

He Couldn't See the Joke

Rudolph Hauser stirred things up in central police station by kicking about a case of sample shoes he admitted he had stolen from in front of a Fifth avenue store. Hauser was so mad he was unable to talk coherently, but managed to explain that all the shoes were for the left foot.

"Something crooked here," he sputtered. "That man ought to serve time." Hauser had carried the case, containing forty shoes, a mile to his home. When he opened the case later and discovered that only a one-legged man could use the contents, he rushed to police headquarters. He was arrested.—Pittsburgh Dispatch to the Philadelphia Record.

"POPULAR" SONGS

A Fine Mess of Junk to Be Found in American Homes

Piano Magazine: In the olden days "Yankee Doodle," "Swanee River," "My Old Kentucky Home" and many other popular songs of that time actually exerted a striking influence over the whole nation. Imagine the heartfelt sentiment, the inspiration aroused by the strains of "Marching Through Georgia" when Sherman and his men were marching to the sea; and to this very day, when the band strikes up "Dixie," there is the never-failing hearty applause which its stirring strains arouse.

Now imagine arousing sentiment, memories that bring burning tears, thoughts that inspire one's very soul, to the melody of "Swing your honey, kiddo, right around your hip, Lordy! What a feeling—that's the chicken flip, or this beautiful lyrical gem: Do the honey shuffle, babe, right on your toes, Cuddle, cuddle next to me, ev'rybody knows; See that fiddle, fiddle man, he's havin' a fit; Hear that red-faced trombone man; say, kid, he's it; Wheel it! Reel it! Lordy, can't you feel it! Bow! Wow! That's the bulldog rag.

These are not obscure numbers that I have chosen for illustration. They are "hits" and are an apt example of a hundred others that are being sung throughout the country as illustrative of what the public likes in the line of popular songs today. To set forth here even the titles of a great many of our popular "hits" would subject this article to censure or expurgation.

Is it not pitiful to look upon a little girl, perhaps 7 or 8 years old, snapping her fingers, swaying from side to side, and lustily singing as if her very heart were in every note: "Ev'rybody's doin' it, doin' it." She hears her big sister sing it; her big sister hears it at a "show," and her beau buys it for her.

Glance at the sheet music displayed on the piano in the "front parlor" of nearly every home in the country. Do you see any songs like "Annie Laurie," "Ben Bolt" or "The Last Rose of Summer"? No, you see "The Devil's Ball," "The Dippy Rag," "The Babylon Baby Dance" and "The Tango Twist," each one with a title page picturing contorted dancers partly clothed and the printed words, "The reigning success of the day." And the worst of it is that these songs appeal not only to the low and vicious minded, but the great majority of our church-going, pious-minded people pay out their money to attend theaters in order to hear and applaud them.

Imagine a youthful "tenor," who comes to call on his sweetheart, a girl of one of our "best families," and when asked to sing warbles while his innocent darling accompanies him on the piano.

In my harem, my harem, There's Fannie, Annie, Jennie, And the dance they do Would make you wish that you Were in a harem.

Classical lines, wonderful idea, novel construction and impressive interpretation.

Or, if the girl's mother happens to be in the room he may perhaps unwittingly pitch his silvery tones into these lines:

I dreamt I saw my mother-in-law Dancing with the devil! Oh! you little devil, Dancing at the devil's ball.

Absolutely new idea, perfect in lyrical meter, crescendo fortissimo. Or, if the girl imagines that she is an incipient prima donna, she may probably thrill out that popular ditty:

Like a mother needs its mother That's how I need you.

Or another popular "hit" that runs: When I get you alone tonight, When I get you alone tonight,

There'll be lots of love and cooling, There'll be surely something doing, When I get you alone tonight.

What delicacy of expression, artistic phrasing and emotional sentiment; diminishing pianissimo. And these are examples of our popular songs of today.

SOCIETY

Travel Club Meets

The ladies of Travel Club Number One went to Newport Beach this morning for a day's meeting at Mrs. H. C. Daves' cottage, Kill Kare. The trip to the beach was made by automobile, the ladies taking a basket lunch with them.

Picnicked at County Park

Mrs. L. J. Van Order of Los Angeles, formerly of Chicago, is spending the week with Mrs. Alfred Partridge. On Tuesday Mrs. Partridge entertained by giving a picnic at Orange County Park which was attended by Mr. and Mrs. Partridge, Mr. Frank Partridge, Mrs. Harned, Mrs. Van Order, Mr. and Mrs. Arthur Day and son, Miss Hoffman, and Mr. and Mrs. Charles Johnson.

An elegant supper was served. The picnickers motored home by moonlight.

Will Hold Social

The Intermediate and Christian Endeavor societies of the United Presbyterian church will hold a social this evening at the home of Rev. Samson at 216 Orange avenue. All the young people are cordially invited to be present.

Los Angeles Couple Married Here

Rev. A. C. Klein, pastor of St. Peter's Lutheran Church, united in marriage yesterday at the parsonage at 603 Van Ness avenue, Mr. Harry A. Bear and Miss Bessie M. Phillips, both of Los Angeles. The young couple left immediately after the ceremony for San Diego.

The Billy Club

Yesterday Mrs. Chester Nuckolls proved a charming hostess for the Billy Club. Those present were Mesdames Nuckolls, Joseph Babbitt, Clarence Tedford, Flake Smith, Jesse Elliott and Ray Wilson. A delicious two-course luncheon was served by the hostess. The afternoon was spent in embroidery and the reading of short stories.

Successful Surprise Party

A number of friends successfully carried out a surprise on Mr. and Mrs. O. C. Overman last night at their home at 912 West Second street. Games of Five Hundred and lively conversation whiled away the hours of the evening. Bountiful refreshments of home-made pie and coffee were brought in by the self invited guests and served during the evening.

Sewing Club Meets

The sewing club of which Mrs. Cecil Dubois is a member met yesterday afternoon at the Dubois home at 1906 North Broadway for its usual weekly meeting. Fancy needlework and animated conversation made the short afternoon very enjoyable. Light refreshments of ice cream, cake and coffee were served by the hostess.

Piters Enjoyed Barbecue

The aptest piters at Walter Fine's ranch on East Santa Clara enjoyed a barbecue last night about 6:30, at the close of their season's work in the aptest camp. Tables were spread under the pitting sheds, which were lighted with electricity. About fifteen piters, with their husbands and friends, making in all a total of thirty-three, sat down to the bountiful feast which was prepared in the Spanish style. Barbecued meat, roasted potatoes, frijoles, tortillas, chili con carne, pickles, olives, cake and coffee were served.

Miss Lucy Hill Entertains

Miss Lucy Hill has as her house guest for this week Miss Eva Lathrop of Blue Rapids, Kansas. Today Miss Hill has arranged a day at Balboa in honor of her guest. The party is made up of Misses Grace Maloney, Elsie Clark, Winifred Roberts, the honoree and the hostess. The Hills' auto driven by Miss Lucy took the jolly company to the beach.

Brilliant Garden Party

One of the most brilliant social functions of the season was that given last night by Mr. and Mrs. F. B. Miller at their home at 1413 North Bush street, in honor of Mr. and Mrs. U. Wiley of Tulare, who are visiting at the home of the Millers. The affair was in the nature of a garden party, and was given on the lawn, which was gallily decorated with electric lights, Japanese lanterns, ferns and Australian daisies. Games and music were enjoyed in the short hours of the evening. Pic-

tures were shown of the recent trip of Mr. and Mrs. Miller and Mr. and Mrs. E. A. Bell to Lake Tahoe. Later two course refreshments were served on small tables on the lawn. Mesdames Eckley, Syester, and T. B. Elliot assisted Mrs. Miller in serving. Those present were Messrs. and Mesdames Eckley, Wm. Elliot, Floyd Elliot, T. B. Elliot, Ed. Peaton, Oral Vansyoc, E. A. Bell, P. G. Reissel, John Hill, Adam Ziezer, Charles Boyer and Hugh Hill, all of Santa Ana, and Messrs. and Mesdames C. W. Syester, Harry Huff, Clyde Newton, W. B. Park and Chapline, all of Orange.

Back from East

F. G. Kimball of the Guarantee Garage returned this week from an eastern trip of over a month's duration, where he went for the purpose of studying the various phases of automobile manufacture. Mr. Kimball visited a score or more of the largest auto factories in the country during his trip and gained a great deal of valuable information. At Detroit he visited all the big factories located there, including the Studebaker, Packard, Ford, Cadillac, Chalmers, Hudson and Hupmobile, also the Timken Axle Company, Continental Motor Company and Michigan Coil & Ignition Company. At Pontiac he visited the Oakland and Cartier factories; at Kalamazoo, the Michigan factory, the Buick at Flint, the Reo at Lansing, besides a number of smaller factories in other localities.

Personals

J. S. Pearson and family have returned from the outing trip. They visited Yosemite, and several of the central California counties. Mr. Pearson had the misfortune to break his arm about ten days ago.

Mrs. G. R. West of Riverine avenue, is spending a week in Los Angeles with her daughter, Mrs. C. R. Maddux, and family.

Miss Orabel Chilton of Los Angeles, formerly of Santa Ana, arrived yesterday for a few days' visit at the home of Miss Rosa Lloyd.

Mr. and Mrs. Earl Potter of Edna, Kansas, have been visiting for a few days at the homes of C. L. Pond at 832 E. street, and I. Goodwin on Fruit street. Mr. and Mrs. Potter have been absent from home now some little time, having spent the past year or so in touring the West. They are from the former home town of the Ponds and the Goodwins.

Mrs. Geo. C. Prather and little daughter Alice of Tustin left this morning on a trip to Oakland, San Francisco, Sacramento and other points to visit friends and relatives.

Mrs. Myrtle Brown, who has been for some months in the suit department of one of Pomona's dry goods stores, is in Santa Ana for her vacation. Mrs. Brown has not disposed of her property here, and calls this city home.

W. C. Roberts of the city schools and his family are at Newport Beach for a few weeks' stay.

Mrs. C. E. Hucklebridge came down from Riverside yesterday for a visit at the home of her uncle, J. P. Baumgartner.

Mrs. Clara Caskey of Perris has been a guest at the Enderle home on East Seventeenth street for the past two or three days. Mrs. Caskey leaves tonight for Los Angeles.

Mr. and Mrs. G. R. Hemstock leave tomorrow for a camping trip. They will spend some weeks in Trabuco canyon.

Master Will Leavitt of Fresno, is in Santa Ana visiting his aunt, Miss Emma Leavitt, at the S. Hill home on North Main street.

Miss Coward's Lecture

That "To produce for use and not for profit" is the right and natural way was contended by Miss Ruth Coward in her lecture on "Profit, the root of All Evil," at K. P. Hall last evening.

"Foods are adulterated and shoddy clothing made, not to spite humanity but for profit," said she. "Child labor, insanitary conditions, lack of safety devices for workmen, long hours of labor—all are traced to the profit system."

"The axe must be laid at the foot of the tree and with the doing away of the profit system man's inhumanity to man will disappear."

The speaker closed with an appeal to all workers to unite at the ballot box.

Boy Is Injured

Clark, the youngest son of Mr. and Mrs. J. Wm. Sackman, met with a most painful accident last evening when the fingers of his right hand were crushed in the sprocket of a bicycle. The family had just returned at noon from a month's stay at Newport Beach.

ROOSEVELT TO LEAVE FOR SOUTH AMERICA EARLY IN OCTOBER

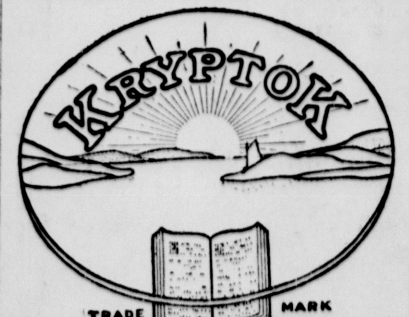

NEW YORK, July 25.—Lawrence Abbott declared today that Colonel Roosevelt had made no arrangements to go to Australia. Mr. Abbott said it was understood that admirers of the colonel in Australia were trying to complete arrangements for a visit to the island, but so far no definite arrangements had been made.

He said the colonel would return from the West early in September, and on October 4 he would start for South America for his visit to Brazil, Chili and Argentine Republic.

THE SINKING OF THE TITANIC

A Thrilling Reproduction at the Auditorium

With sharp, crackling intonations and brilliant flashes the wireless telegraph apparatus on the top of the Auditorium Theater last night attracted hundreds of people to witness one of the most remarkable reproductions in miniature ever shown upon the vaudeville stage.

It was the first night of the special engagement of the spectacular mimic production of "The Sinking of the Titanic" and that the great audience was not disappointed was forcibly attested by the heavy applause at the finish of the spectacle and the many laudatory comments heard on all sides as the people went out after each performance.

The attraction is the invention of L. F. Klein, Jr., who is a resident of Venice, Cal., and who has spent a great deal of time and money in work and research in order that his presentation of the great sea tragedy should be as authentic as possible. The work is divided into three scenes, the first showing the harbor at Southampton, with its daily busy traffic of seafaring vessels of every description, from the small pleasure boat to the great trans-Atlantic ships of commerce, and incidentally brings in many interesting and amusing features that cause ripples of laughter to spread over the house.

A young man takes his sweetheart out for a sail and—another carries a boat with two men and a dog, suddenly a gull skims the water, when bang! One of the men has raised a gun and fired at the bird, which is seen to fall; then out springs the dog, goes after the bird and brings it back to the boat. In another boat a man lights a cigar and in still another (a bath house boat) two men plunge into the sea for a swim, and so on, introducing many things of the lighter character, until at last the Titanic, sails by on her way toward America, and the scene closes.

The second scene shows the wide open sea at night, with vessels passing on their way to our shores or away to far distant lands on the other side of the world. Here again we see the Titanic, beautifully lighted, a radiant spectacle against the sombre background of darkness and night.

The third scene again shows us mid-ocean, with a great iceberg ponderously swaying with the motion of the waves. Soon comes the Titanic under full headway and crashes into the ice-mountain, trembling with the shock and tearing down great masses of ice, which fall upon the forward deck of the vessel. From now on to the end follows a scene of intense interest and excitement; rockets gleam in the darkness of the night, whistles are blown, the wireless telegraph sends out message after message, and the vessel begins to sink. The life-boats full of people are lowered and at last, as the band plays "Nearer, My God, to Thee" the lights on the great ship go out, the bow settles deeper and throws the stern of the boat high in the air, when suddenly the ship breaks just aft of the middle and all disappears in a vortex of dark water. In a few moments all that is left are a few life-boats full of people, some scattering debris and here and there some struggling soul making a fight for life against a raging sea.

The spectacle is intensely interesting and instructive, and there is introduced into the whole action a sufficiency of the humorous to offset any gruesomeness that might otherwise creep into it. It is a fine thing and every person in Santa Ana should see it.

Two other attractions on the program were Miss Elinor Levan, a sweet voiced singer in character changes, and Hickox and Otis, who are quite

funny. These with a fine series of moving pictures combine with the "Sinking of the Titanic" in making the best show ever given in this city.

For the convenience of the public, during this engagement, tonight, Saturday and Sunday the Auditorium doors will open at 6:45 p. m.

PATTEE & LETT CO. SELL 110-ACRE ORANGE GROVE ON ARLINGTON HEIGHTS

Riverside Press: Riverside orange groves figured in a real estate deal totaling \$285,000 yesterday. The Patee & Lett Company of this city disposed of 110 acres of their 150-acre orange property on Arlington Heights, receiving in exchange a high class apartment house of 152 rooms in Los Angeles. The groves were purchased by Robert A. Fowler of Los Angeles, owner of the Fowler apartments acquired by Patee & Lett. The Patee & Lett packing-house at Casa Blanca was not included in the deal, and the company still owns 40 acres of oranges adjoining the grove sold.

RECORD ENTRIES IN MARBLEHEAD REGATTA

MARBLEHEAD, Mass., July 25.—A record entry list in the mid-summer regatta of the Corinthian Yacht Club of Marblehead, was shown when the program of the events which begin August 4 was announced today. One of the largest pleasure fleets ever seen in this harbor will assemble here on that date and remain until the program concludes five days later.

WISCONSIN ADOPTS EUGENIC MARRIAGE LAW

SECRETARY DANIELS AT SAN FRANCISCO

SAN FRANCISCO, July 25.—Secretary of the Navy Daniels arrived from Los Angeles today. He declined to make any statement regarding San Francisco's claim for a new dry dock. He said, however, he might have a definite statement before leaving San Francisco. He inspected the naval training station on Verba Buena Island, and visited the exposition site. He will be given a banquet tonight by the Chamber of Commerce.

AUTO DRIVER GIVEN HEAVY SENTENCE BY JURY IN CHICAGO

CHICAGO, July 25.—Fred Hrodek was found guilty of slaying yesterday by a jury which heard the case against him, charging him with taking the life of Patrick J. Condon with an automobile. Judge Cooper instructed the jury that if they were convinced Hrodek was driving his car at more than legal speed, they would do right to find the chauffeur guilty as charged.

Hrodek was sentenced to fourteen years, the first conviction for slaying with an automobile in this state.

VOTE ON WATER BONDS

GLENDORA, July 25.—By a decision of the board of trustees, the qualified voters of the city of Glendora will be given the opportunity at an election to be held August 9 to vote bonds in the sum of \$25,000 as partial cost of a municipal water plant, the proceeds to be used in purchasing six acres of water-bearing land on which an option is held by the city, to sink one or two wells, to equip them with pumping plants and lay a distributing system for water distribution for domestic service.

STATE HIGHWAY CONTRACT

SAN BERNARDINO, July 25.—The contract for the first six-mile stretch of state highway in this county has been awarded to C. A. Fowler of Los Angeles for \$29,579.

Work will start within several weeks. The contract covers six miles of the foothill boulevard route in the western district of this county.

CALIFORNIA PIE HUNTERS TIRE OUT; HITTING BACK TRAIL

WASHINGTON, July 25.—Some of the office seekers from California are growing tired of their long visit at the pie counter and are hitting the trail for home. It has been wearisome and expensive waiting, and while it is hoped daily that there will be a distribution of offices, the distribution is painfully slow in arriving.

George W. Smith, justice of the peace at Fresno, who wants to be made collector of internal revenue for the northern district, and has the endorsement of three county committees and Congressional Church, ended a siege of the White House lasting several months last week and returned home. James W. Corson of Modesto, with endorsements from four county committees for the game berth, and also with Congressional Church endorsement, also left for home today. It is considered likely that the office will go to J. J. Scott, secretary of the State Democratic Central Committee. J. O. Davis, chairman of the same committee, is considered the best bet for the collectorship of the port at San Francisco.

ALCATRAZ SIREN IS MURDERER OF SLEEP

WASHINGTON, July 25.—How to curb the throaty tones of the big fog siren on Alcatraz Island was the subject of a conference yesterday between Representative Kahn and officials of the lighthouse board. Recently sheeps of complaints have reached Congressman Kahn from residents of Russian Hill, who say the siren will not let them sleep.

It is admitted that the siren has a rasping voice, and the government officials are inclined to sympathize with the San Francisco people whose slumbers it disturbs.

TELEGRAM SAYS
CASE SET FOR
AUG. 11

Some Think the Commission
Will Not Pass Long Curve
Without Consideration

WIRE IS RECEIVED
FROM ESHLEMAN

Secretary Thinks it Was a Re-
ply to Communication Sent
Several Days Ago

There is a possibility that the State
Railroad Commission will hold a hear-
ing on the long curve controversy.
The complaint in the case was ordered
withdrawn by the Associated Cham-
bers of Commerce, the officers of
which filed it, but there is some con-
tention that the action cannot be dis-
missed until the time it comes up for
hearing.

Before the meeting of the Associat-
ed Chambers of Commerce Tuesday
night, at which the resolution of dis-
missal was carried, Secretary J. C.
Metzgar attempted to find out the date
for which the case was set. His com-
munication was not answered until
yesterday when he received a tele-
gram from John M. Eshleman of the
Railroad Commission, from San Fran-
cisco, saying: "Case 429 against Pa-
cific Electric set for August 11 at San-
ta Ana."

This wire was probably sent before
the notice of withdrawal reached the
San Francisco office. Metzgar mailed
a letter requesting that the complaint
be withdrawn. This letter was mailed
Wednesday morning. The telegram
was received yesterday morning. Metz-
gar thinks it was sent in reply to his
communication sent previous to the
Tuesday night meeting.

Some of the opponents of the long
curve believe the Railroad Commission
will give a hearing on the controversy
before it grants the permit to the P.
E. to build the road. Jackman wrote
a letter to the commission protesting
against allowing a long curve off of
North Main street on to the right-of-
way to Orange, before he took the mat-
ter up with the Associated Chambers
of Commerce. While that letter was
not a complaint drawn up in legal
style, Jackman thinks that the com-
mission will consider it and the com-
plaint of the Chambers of Commerce,
even though the latter be withdrawn,
as having opened up a serious ques-
tion that the commission cannot over-
look.

AT THE COURTHOUSE
COMMISSION
TO BE PAID

That Was the Finding of the
Judge Who Heard Trial in
Action for \$650
Under Contract. Realty Agent
Offered Purchaser for
Harperville Ranch

A. Raymer, a real estate agent, is
entitled to \$650 commission for having
furnished a purchaser for a ranch at
Harperville. This morning Judge West
reached this decision in the action
brought by Raymer against Susan
Hobbs, owner of the ranch. The evi-
dence showed that Mrs. Hobbs placed
the sale of the ranch in Raymer's
hands. Raymer secured a purchaser
for the price named, \$13,000, but the
owner of the property refused to com-
plete the deal. The attorneys were
from Pasadena.

Judgment Entered
Quiet title judgment was entered to-
day in a suit brought by J. Wiley
Harris against the Westminster school
district. The defendant did not con-
test the case. Scarborough & Ferry
represented the plaintiff.

Order Is Given
Judge West today signed an order
declaring the title of property at Or-
ange that stood in the name of A. W.
Beach to be now vested in the widow,
Aurel Beach.

Decree Is Granted
An interlocutory decree of divorce
was granted today to Roy Davenport
of Santa Ana against Hazel M. Davenport.
Clyde Bishop represented the
plaintiff.

IN THE JUSTICE COURT
JACKSON OUT
ON ROUND UP

Are Found Without the To-
bacco Law Posted
Justice Cox Has Gathered in a
Number of Fives from Ac-
cused Poolroom Men

Constable Jackson's campaign of
inspection of the places of business
of sellers of tobacco has resulted in
the issuance of ten warrants up to
date. Eight Japanese and four
Mexican poolroom keepers are on
the books of Justice Cox's court as
offenders against the law that pro-
vides that every dealer in tobacco
must keep the state law posted in his
place of business. The officers are
convinced that the ignorance of the
posting of the law also indicates their
ignorance of its contents, and that it
is more than likely that they have
been selling tobacco to minors. Jack-
son has given them all warning that
sales of tobacco to boys under 18
years of age will bring about a prosecution
if the evidence is obtained.

Three Japanese poolrooms in San-
ta Ana were accused in the com-
plaints sworn to yesterday by Jack-
son. C. Nanto, R. Yacamoto, S. Hi-
rooka and T. Tanaka were all in
court, all pleaded guilty and each
was fined \$5. Then came F. Nieto, L.
Escalante and J. Nicholas from Delhi,
and they, too, pleaded guilty, and
each of them gave the justice \$2 for
the county's treasury. C. Lucero of
Delhi is still to be brought in. War-
rants are out against two poolroom
keepers of Talbert.

GIRL'S HEADLESS BODY
MYSTERY TO BOSTON

BOSTON, July 25.—The police to-
day began an effort to identify the
murdered girl whose headless body
was picked up off Grand Banks, by
Captain Charles White of the fishing
Schooner Jessie Gilbert.

The girl was dressed all in silk and
was evidently refined and wealthy.
Captain White declares the girl was
murdered, that her head had been cut
off, apparently with a long, sharp
knife, and that the person who did it
must have had some knowledge of
surgery, as the cut was clean.

The body was found thirty miles
east of Georgian Bay, 170 miles from
Boston, and right in the track of
transatlantic liners. After making
sure that identification was impossi-
ble, the fishermen wrapped the body
in canvas, weighted it and lowered it
into the sea.

Being Taken for Less Than You Are

David Grayson, writing a new "Ad-
venture in Contentment" in the Au-
gust American Magazine, says:
"It's a great thing to wear shabby
clothes and an old hat! Some of the
best things I have ever known, like
these experiences of the street, have
resulted from coming up to life from
underneath; of being taken for less
than I am rather than for more than
I am."

"I did not always believe in this
doctrine. For many years—the years
before I was rightly born into this al-
luring world—I tried quite the op-
posite course. I was constantly at-
tempting to come down to life from
above. Instead of being content to
carry through life a sufficiently won-
derful being named David Grayson, I
tried desperately to set up and sup-
port a sort of dummy creature which
so clad, so housed, so fed, should ap-
pear to be what I thought David
Grayson ought to appear in the eyes
of the world. Oh, I spent quite a
lifetime trying to satisfy other peo-
ple!"

GLOVER WILL
BE A DEPUTY

On Aug. 10 Another Man to be
Added to Sheriff's List
of Assistants

New Man Has Had Consider-
able Experience as an Offi-
cer Here and in East

When the new county government
act goes into effect on Aug. 10, Sher-
iff Rudlock will be provided with an
additional deputy. The man who
will be appointed is P. B. Glover of
301 East First street, Santa Ana, now
a deputy city assessor.

At the present time the sheriff is
allowed by the law two deputies, an
under sheriff and a jailer. From the
lump sum allowed him the sheriff em-
ploys whatever additional help he
needs. From that lump sum he pays
Deputy Jailer Morie Dean and his of-
fice deputy, Miss Nellie Bacon. Un-
der the new act another basis of com-
pensation will prevail. The sheriff's
salary is fixed at \$2500 a year, and it
is presumed he need not pay any
help. The act allows him an under
sheriff, a jailer, two bailiffs and an
office deputy.

George C. Law will continue as
under sheriff, E. W. Boynton as jailer
and Miss Nellie Bacon as office deputy.
Dean will be appointed one of
the bailiffs, and Glover will be named
the addition of one man to the force
of the sheriff's office. Sheriff Rud-
lock has a capable, conscientious
list of assistants, who know their
duties and attend to them strictly.

Glover is well known and well liked
in Santa Ana. He has had consider-
able experience both here and in the
East as an officer, and will undoubtedly
make good in his new position.

Are Skyscrapers Firetraps?
In the August American Magazine
John A. Moroso, a New York news-
paper man, writes a story of fire, sky-
scraper and heroism, entitled "Finn-
egan," in which he conveys the sugges-
tion that skyscrapers may be danger-
ous if a fire extends above the fif-
teenth story. His idea seems to be
that water in sufficient quantities to
be useful in fire fighting cannot in
the ordinary city be elevated to such
a height, and, inasmuch as the eleva-
tors and other means of exit go out
of business in case of a fire, there is
considerable danger.

SANTA ANA, CALIFORNIA, FRIDAY EVENING, JULY 25, 1913.

TWO SANTA ANANS PASS EXAMINATIONS ARE NOW LAWYERS

Maurice Enderle and Clyde Whitney Among Those Who Succeeded in Tests

Maurice F. Enderle and Clyde C. Whitney, both graduates of the Santa Ana High School, are now full-fledged attorneys. They took the bar examinations before the Appellate court this week, and were successful. The examinations given to the class are reported to have been the hardest ever given in this state to applicants for permits to practice law.

The young attorneys graduated from the local high school in 1908, and both of them went to Stanford University. After graduating from the university Enderle took a year's post graduate work in law. Whitney has been studying law in a Los Angeles office. Both young men expect to practice in Los Angeles.

WOULD MAKE WOMEN WAR RESERVISTS

French Woman Proposes They Take Clerical Duties in Time of Conflict

PARIS, July 25.—It is not improbable that, in time of war, the women of France will furnish to the army seven regiments of fighting men by taking up the clerical duties that number of officers and enlisted men are now performing. Speaking of the plan, in a letter to the minister of war, Mme. Dieulafoy wrote as follows:

"In the army alone, 2672 officers keep their hands tied by duties which keep them off the firing line, and 5000 non-commissioned men are similarly employed. Why not instruct women along the necessary lines and when war is declared, let them take up the pens dropped by the troopers who can thereby grab their guns and sabers? If France is to get ahead of the Austrians and Germans this is the plan to adopt. And when it is adopted I want to be the first woman called for the great honor of serving my country. I should deem it a priceless honor to bring to France my small aid. It matters not in what capacity; it matters not how humble the task."

Mme. Dieulafoy is wealthy. Since writing the letter to the minister of war she has received thousands of letters from all over France and from some of the French colonies in which women offer their services. Thus encouraged she today asked the war minister to organize schools, the teachers to be army officers. Graduates of these schools are to receive diplomas and will be called "militarized women," who will be called on for clerical duties in time of war.

BICYCLE RIDERS RIDING SIDEWALKS TAKING A CHANCE

City Police Have Started on a Campaign to Stop Breaking of a Good Law

Bicycle riders are getting careless about obeying the law against riding bicycles on sidewalks, and the city police have started on a campaign to remind them that the law is on the books for the purpose of being obeyed.

Wednesday afternoon two arrests were made by Officers Davenport and Gilbert, and yesterday afternoon those same officers used the same method of reminding seven bicyclists that there is a sidewalk law. The Wednesday arrests were made on Flower street, and yesterday's on East Fourth street. Those arrested yesterday are Frank, Robert and Vernon Lay, F. P. Vanhoy, Victor Johnson, Lee Bundrong and Harry Davis.

The city ordinance contemplates parting of offending bicyclists from at least \$5 each. The ordinance makes the fine a minimum of \$5. When a person is caught riding a bicycle on the sidewalk, there is nothing to it so far as conviction is concerned. He is guilty, and the least fine City Recorder Willson can impose is \$5.

PLAN CHEAPER FUEL FOR THE FARMERS

Proposition to Remove Restrictions from Making of Denatured Alcohol Discussed

WASHINGTON, July 25.—Removal of the restrictions which prevent the farmer from utilizing his waste fruits and vegetables to manufacture denatured alcohol on his property may soon be accomplished. Several congressmen today informally discussed plans for changing governmental rules which now prohibit the manufacture of this fuel. The secretary of the treasury has been approached on the subject and it is his opinion that no new law is required to permit the farmers to operate a distillery for the production of alcohol to be used as a fuel. He said today that merely abrogation of a present rule is all that is needed.

"All of the many wormy potatoes, apples and other farm products that are unfit for sale can be turned into alcohol, which is more economical for fuel than gasoline," said Senator Lane, of Oregon, today. Senator Lane is heading the movement to have the rule abrogated. "In Germany," he continued, "they raise potatoes for the special purpose of distilling them. To be permitted to do this would mean not only much cheaper fuel for the American farmer, but also a new source of revenue, for he could readily find a market for the alcohol he did not use."

STANTON ALSO MAY TRY TO GET STATION

Orange has a committee at work endeavoring to have the state citrus experimental station located at Orange. Anaheim has a committee seeking to get the station for Anaheim. Now comes the Stanton Optimist urging that Stanton make an effort to get it. The Optimist says:

"The last state legislature authorized the establishment of a citrus experiment station to comprise 200 acres and at a cost not to exceed \$60,000. The Orange Commercial Club has decided to make an effort to secure this important institution for that section and has appointed a committee to communicate with the state university authorities and also investigate the possibility of securing a suitable site."

"Stanton should make an effort to secure the experiment station as there is not a better location in the state than right here for such an institution and 200 acres would be easy to obtain and at a less figure than probably any other place in Orange county. The soil and climate here is well adapted to the growing of citrus fruits and an abundance of water is easily obtained. Our superior railroad facilities are another point in our favor and no doubt if the matter was properly taken up with the university authorities Stanton would stand an excellent chance of securing this institution."

"We suggest that the chamber of commerce and board of city trustees act in conjunction and appoint a committee to secure a suitable site and make a proposition to the proper authorities in an effort to secure the experiment station. 'It is better to try and fail than not to try at all.'"

NON-MILITANTS IN GREAT DEMONSTRATION

LONDON, July 25.—The advance guard of what is expected to be the greatest woman suffrage demonstration England has ever seen, arrived in the British capital today. The demonstration will start tomorrow. The women are coming here to demand the vote. None of those included in the demonstration are members of the militant Women's Social and Political Union. All are opposed to militant methods. The non-militant organizations represented have a total membership of nearly 50,000. Many of those who will arrive tomorrow in time for the demonstration have "hiked" all the way to London. Some of them walked 300 miles, having started the pilgrimage weeks ago. Mrs. Millicent G. Fawcett, president of the National Union, will preside at all meetings.

NAGGING WIFE CAUSE OF DOUBLE TRAGEDY

LONDON, July 25.—The son of Hugh Davies, a wealthy retired druggist of Southbourne, today received from the probate court papers announcing him sole heir to 10,000 pounds and the one paper left by his father, who had committed suicide after killing his wife. The testator had burned all of his effects in the nature of papers except the will to which was attached the following explanation of his deed:

"This sad affair is due to the continuous nagging of my wife. Nobody knows what I have gone through in the last nine years. May God have mercy on our souls."

JOY RIDER ASKED WAY TO SANTA ANA

Concerning a stolen automobile deserted in La Habra the Whittier News says:

"Joy-riders were in evidence in the valley last Wednesday when, at 4 o'clock in the morning, Mr. Canfield was awakened by a young man inquiring the way to Santa Ana and San Diego and saying that he was from Los Angeles and had run out of gasoline. It seems he had enough to back down to the Anaheim road and then when within a few inches of the gully left the machine and also the valley. As no one came to take it away and there was plenty of gasoline, Mr. Franz decided that the occupants had undoubtedly been joy-riders and notified the police of Whittier and Los Angeles. It proved to be the machine of a Mr. Downing of Los Angeles who attended the prize fight at Vernon and had hired the young man to stay with the machine. On coming out both man and machine had disappeared. Mr. Downing felt himself very lucky in finding the machine so quickly and in good condition."

Expense Stops When Your Cooking Stops

That is one of the big advantages of the

New Perfection Oil Cook-stove

When you are through cooking you simply turn out the flame. There is no waste of fuel. And yet you can have full heat again when it's wanted, by merely striking a match.

The NEW PERFECTION COOK STOVE is much neater and cleaner than an ordinary range; no dirty fuel; no ashes. Ask your dealer for the New Perfection Stove. It bakes, broils, roasts or toasts.

BEGINS ATTACK ON 'PHONE TRUST

Government Brings Suit to Dissolve Alleged Monopoly on This Coast

PORTLAND, Ore., July 25.—Dissolution of the alleged telephone monopoly on the Pacific Coast by the American Telephone and Telegraph Company—the so-called Bell telephone trust—is sought by Atty. Gen. McKeynolds in the civil anti-trust suit filed here yesterday. The government charges the giant corporation and its subsidiaries with absorbing independent telephone companies to destroy competition and create a monopoly in Oregon, Washington, Montana and Idaho, in violation of the Sherman law.

This is the first attempt ever made to apply the federal anti-trust law to the telephone situation. Telephone companies have held that the telephone, like the railroad, is a natural monopoly and that a single system is conducive to the best interests of the public. The Department of Justice contends that it is a question of public policy for congress to determine.

It is declared that the suit filed will not interfere with the sweeping investigation proposed by the Interstate Commerce Commission into the general telephone situation to determine whether the Sherman law should be invoked generally with the purpose of enforcing competition or whether monopoly should be permitted or encouraged under regulation similar to that of railroads.

This step was taken in the West

Mrs. Halfway—"I'd like to use a gas stove, but I need so much hot water for washing and scrubbing."

Any Dredge—"My dear woman! Are you progressive enough to use a gas range and still wash and scrub with hot water and old-fashioned soaps? Don't you know that with Fels-Naptha Soap you can do all your washing and cleaning in cool or lukewarm water, do it easier and better than with hot water?"

Does housecleaning mean to you a blistering fire in the kitchen and half-scalded hands? Why not try the modern way—the Fels-Naptha way? Fels-Naptha Soap, in cool or lukewarm water, will make your house spick and span.

You avoid the necessity for a hot fire, and your hands don't become red and rough from constantly dipping them in hot water.

because the Attorney General believed there existed a peculiar situation demanding immediate attention to cure evils said to have been brought about by unfair practices and illegal combinations.

The Attorney General asks the court to compel the Bell companies to relinquish control of the Independent Telephone Company of Seattle, the Home Telephone Company of Puget Sound, the Northwestern Long Distance Telephone Company, the Interstate Consolidated Telephone Company and the Independent Long Distance Telephone Company. If necessary to accomplish the dissolution, the court is asked to appoint a receiver for the properties.

An immediate injunction or restraining order is expected by the government to prevent any further steps in pending foreclosure suits to transfer the physical properties of the Northwestern Long Distance Telephone Company to the Bell companies. The Bell companies by reducing rates below a paying basis by giving free service and by threats, it is alleged, have forced several independent companies forming links in the long distance system of the Northwestern company to violate their contracts for connections with the Northwestern exclusively to the Bell concerns.

Encouraging independents to violate their contracts with the Northwestern, it is charged that Bell companies in some instances agreed to pay attorneys' fees and other expenses incurred through litigation.

OLDEST THEATRE IN THE COUNTRY CLOSES ITS DOORS

PHILADELPHIA, July 25.—The oldest theater in the United States today is closed, and after 141 consecutive seasons may never open its doors again. The famous old Walnut Street Theater at Ninth and Walnut streets, has at last fallen under the ban of the Philadelphia fire inspector. Because of lack of equipment for fire protection and prevention, its managers have been refused a license which would reopen it for its 142nd season in the fall. Next September will be the first September in over a century that the doors of the Walnut Street Theater will not reopen.

The Walnut Street Theater stage has been played on by all the celebrated actors and actresses from Edmund Kean down to the present day crop of celebrities. It was the first structure of its kind built in America as a place of amusement. Erected on what was then the outskirts of little old Philadelphia in 1808, it was a large riding school and the scene of equestrian performances. Pepin and Brochard opened the building as the New Circus February 2, 1809. With the exception of the front wall which was rebuilt in 1828, the original walls are still standing. When the novelty of the equestrian performances wore out, stage productions were added and the name changed to the Olympic Theater. It was in January 1812 that the first play was produced on the stage. It was "The Rivals."

Many great actors and actresses made their debut on the Olympic stage, among these being Edmund Kean, Edwin Forrest and others little mentioned in this day. Madame Modjeska, Fanny Davenport, Joseph Jefferson, Nat Goodwin, Richard Mansfield, Stuart Robson, Sir Henry Irving and William H. Crane are some of the more notable ones who have appeared at the old playhouse and whose autographed pictures adorn the walls of the box office and lobby.

Because of recent changes in the fire laws the managers are doubtful if it is possible to improve the structure. It is barely possible that the building will be razed and a new, modern theater building erected on the site.

WAR SECRETARY DUE IN L. A. TOMORROW

EL PASO, Tex., July 25.—Secretary of War Lindley M. Garrison, Major General Leonard Wood, Chief of Staff, United States Army, and Major General J. B. Aleshire, Chief of the Quartermaster corps, will arrive in Los Angeles Saturday at noon. After a busy day here yesterday, inspecting Bliss and border patrol camps, they left for Fort Huachuca and other Arizona border points last night.

From Huachuca Friday they will leave for Los Angeles. They plan to remain in Los Angeles until Sunday afternoon at 3 o'clock when they will go to San Diego to inspect the coast defense plans there.

While in Los Angeles they will go to San Pedro to inspect the possibilities of a coast defense station at the harbor of Los Angeles. They will return to Los Angeles Monday evening at 8 o'clock from San Diego and go to Monterey, Cal., where the summer camp is being held to teach college students the art of war.

From Monterey, Secretary Garrison and General Wood will go to Presidio for an inspection of the troops there.

The itinerary from San Francisco will be continued over the northern route, dropping down to Denver for an inspection of the post there and returning to Washington in August.

Rid Your Children of Worms

You can change fretful, ill-tempered children into happy youngsters, by ridding them of worms. Tossing, rolling, grinding of teeth, crying out while asleep, accompanied with intense thirst, pains in the stomach and bowels, feverishness and bad breath are symptoms that indicate worms. Kickapoo Worm Killer, a pleasant candy lozenge, expels the worms, regulates the bowels, restores your children to health and happiness.

Mrs. J. A. Brisson, of Elgin, Ill., says: "I have used Kickapoo Worm Killer for years, and entirely rid my children of worms. I would not be without it." Guaranteed. Ask druggists, or by mail, Price 25 cents. Kickapoo Indian Medicine Co., Philadelphia and St. Louis.—Advertisement.

YUCAIPA VALLEY AS A SUMMER RESORT

It has not heretofore been so advertised, but Yucaipa has such a delightful summer climate that people actually go there to escape from the heat in the lower valleys and enjoy the shade and cool of the nearby canyons. And the green of the magnificent orchards, and the wealth of summer fruits makes it attractive at this season of the year. You ought to see the valley now in all its glory. The improvements and developments go on apace, the finest in Southern California. Truly it is a "Valley of Opportunity." Eleven thousand acres in our tract, all under irrigation. Yucaipa is strictly a high class proposition, in location, in soil, in its irrigation system, in its products, and no expert. Go with us on a one day trip by rail and automobile and see for yourself the very best proposition in Southern California. We go up every week. Only 64 miles away. Only \$3.40. Phone 570 W.

LOS ANGELES PRODUCE MARKET

The last carload shipment of cantaloupes from the Imperial Valley was received in the local market yesterday. For a week or two there will be small express shipments, but the Imperial crop has been practically cleaned up. The discontinuing of the large shipments, aside from the fact that the season is nearly over, has, to some extent, been also occasioned by the incoming of locally grown cantaloupes and muskmelons. In the future, practically all the cantaloupes to be used in Los Angeles will be those grown in this locality.

Large shipments of casabas are coming in from Imperial and Coachella Valley. The common variety are being priced at from \$2.00 to \$2.25 per dozen, while the Turkish casabas are being sold to the trade at 3 cents per pound. The receipt of large quantities of casabas this early in the year is unusual, as in the past they have not reached the local market till the middle of August, at the close of the cantaloupe season.

Local watermelons during the past few days have been sent to the local market. As yet there has been no material reduction in prices, but it is expected that within a week, the Coachella and Imperial Valley melons will no longer be shipped on account of the local competition, or the price will fall.

Klein, Simpson & Company yesterday received a large shipment of sweet potatoes from Mexico, which were placed on the market at a quotation of 5 and 6 cents per pound. The first shipment of Alberta peaches grown near Hanford, were yesterday morning received by Von Huse & Company. The price asked for these peaches, which are of excellent quality, is 4 cents.

The price of fresh ranch eggs, case count, yesterday was fixed at 29 cents on the Produce Exchange, an advance of 1 cent, and the highest point to which eggs have gone this season.

RATE WILL BE \$1 MINIMUM

Fullerton Officials Decide Upon Charges for Domestic Water

FULLERTON, July 25.—When the ordinance fixing the price for domestic water under the municipal system is adopted it will provide a minimum rate of \$1 a month for any quantity up to 6000 gallons. Those who use more will pay 12½ cents per thousand gallons up to 10,000 gallons. Above that quantity the rate will be 10 cents per 1000 gallons. These figures have been agreed upon after discussion of the conditions here as compared with other towns, and in view of the probable cost of operating the new system here.

LOSS OF PIGTAILS MEANS MORE COPS

Chinese Police No Longer Can Tie Offenders in Bunches by Their Queues

LONDON, July 25.—The fewer the pigtails, the more police are required in China. Shortly after the revolution which turned the ancient monarchy into a republic, nearly all the men in the southern provinces cut off their queues, and ever since the police departments have been yelping for a larger force. Sir Alfred Turner,

SANTA ANA EPWORTH LEAGUE HAD TWENTY-EIGHT PRESENT AT THE ASSEMBLY INSTITUTE

HUNTINGTON BEACH, July 25.—“The modern search for the lost tribes of Israel will be as fruitless as it has been futile,” asserted Rev. G. W. Wilson, chaplain of the Soldiers’ Home at Sawtelle, in his address before the camp meeting here yesterday afternoon. Rev. Wilson’s topic was “Foregleanings of the Kingdom in the Old Testament,” and he gave many reasons for his view that these “lost tribes” were absorbed into the Jewish nation and that no Old Testament prophecy properly interpreted predicts the return of the Jews to Jerusalem at any time.

“The most dignified thing in the world is a corpse,” said Evangelist John Brown in his afternoon sermon. “The cure for all the ills that curse the world is old-time evangelism. But put heart into it. The church ought to be the liveliest proposition on God’s earth. There’s worlds in a handshake; I mean a good old-fashioned pump-

who has just returned from China, today gave this explanation:

“The complaint puzzled me until I happened to see two batches of prisoners led through the streets. One lot had pigtails, and these had been all tied together, enabling one policeman to look after the lot. Four policemen were needed to escort another and smaller batch of prisoners who were queueless. General Turner was very much impressed with the extreme youth of the members of parliament which he visited while that body was in session. With few exceptions all were attired in European dress and only one of 700 had a pigtail. Tremendous and honest exertions are being made, he said, to suppress the opium traffic.

“It is a blight on England,” he continued, “that such a powerful country has continued to force its opium on China for so long. It would really be to England’s advantage to help instead of hindering, for commercial reasons, the stamping out of the opium trade in China.”

handle handshake. It has done many a mighty work for Christ.”

More than 150 students registered for the ten-day Sunday-school and Epworth League Institute, whose classes formed this morning. Courses are offered in Sunday-school methods by Dr. O. B. Waite and Miss Rose Scott of Los Angeles, in home missions by Rev. V. M. McCombs, assisted by John E. Kienle, E. Guy Talbot, M. Esther Turner and Francisco Olazabal, in league methods by Dr. Dan B. Brummet, in foreign missions by Dr. Felt, recently from India, and in the personal background of Bible messages by Rev. W. C. Geyer.

The largest single delegation on the grounds is that of the Santa Ana Epworth League, which numbers twenty-eight, including Rev. and Mrs. E. J. Inwood and Miss Gertrude Snow, president of the league, Glendora has seven tents and twenty-four delegates, including their pastor, Rev. D. D. Sneddon.

SUGAR BEETS BEGIN MOVING AT YSIDORA

Shipments to Southern California Factory 200 Tons a Day

Oceanside Blade: Beet shipment began Monday from the Santa Margarita ranch to the Southern California factory at Santa Ana. The first beets were taken from the W. A. Patterson fields. Within a day or two the shipments are expected to average about 200 tons a day.

Shipping from the fields at San Luis Rey is expected to begin somewhere about the first of the month, the crop being somewhat later than that on the Santa Margarita owing to the delay in getting water on the fields. The dump at San Luis Rey is about completed.

H. J. Small, field superintendent of the Co-operative Beet Sugar factory, was looking over conditions in the valley Wednesday. The dump at San Luis Rey was finished this week and shipping can begin as soon as the first of the beets are ripe, which will be a week or ten days. Tests now being made run from 18 to 20 per cent.

BERLIN ALSO HAS SOME POLICE GRAFT

BERLIN, July 25.—When a Munich peddler was arraigned in court today on a charge of having attempted suicide he told why he wanted to die. He said he had been unable to make a living since the death of Police Sergeant Bollender, who was shot recently by the assassin of the Prussian military attaché, Major Von Winski. The peddler said Bollender allowed him to “hawk without a license,” for a consideration, and that now that he has to pay for a license there are no profits in his business.

SHARK GIVES TWO MEN A LIVELY SCARE

LONG BEACH, July 25.—A thrilling 200-yard race for shore, with a twelve-foot shark in pursuit, was the unpleasant experience that befell Harry Woods, a patrolman on the Long Beach force, and Will Rhodes, a county officer living at 1224 East Forty-third street, Los Angeles, in the surf on the foot of Elm avenue. The two men were frolicking on the swells in about twenty feet of water when the shark, which had been sunning itself, began its attack. With vigorous strokes the officers cut their way toward the shore. The shark, before darting away because of the shallow water, made a vicious plunge towards Woods, but was forced back when the patrolman kicked a whirlpool of water in its face.

This is the first time such a large shark has ever been seen in local waters.

Sporting Briefs of the Week

[By Hal Sheridan]

NEW YORK, July 24.—The Honorable J. McGraw, known as the “Little Napoleon,” but whose real title is manager of the New York Giants, is about in a position to murmur an “I told you so.” While the Pittsburgh Pirates were floundering in the second division and sending men to the hospital just as fast as they climbed into uniform, McGraw insisted that it would be the Pirates he would have to beat in the final dash for the pennant.

From April on through June the Pirates refused to respond to the call. The machine simply wouldn’t open up and show speed. It was bumped by everyone, including humble Boston and lowly Cincinnati, but early July saw the men begin to turn. There wasn’t any change in the material. The same parts were in use, but as the team began to patch itself together it began to kick up smoke. It jumped from the second to the first division in a little more than a week, and it now has the stuff to whip up even faster through the dog days.

In the meantime, Brooklyn was dropping ten straight, which helped considerably, and the Pirates passed the stumbling Dodgers, who had apparently shot their bolt and are ready to give up the ghost.

The Giants had snatched off the lead from the Phillies before the Pirates got under way in their sprint toward daylight and had an imposing lead—easy to keep full steam ahead if they maintain a position over Clark’s crew.

Although McGraw believes—at least he says he believes it—that it is the Pirates he will have to beat out for the old flag, he doesn’t admit having lost any sleep over it.

Perhaps it isn’t clabby to be perpetually harping on and spoofing about English methods in sports in this weekly effusion, but J. Bull’s sons have been so prominent this season for what they have or have not done, that there is an excuse. Here’s the excuse. The English have found out what a baseball fan is. It took them a long time to do it, but they’ll have to be forgiven for this. These English cousins of ours are usually in the mental outfield when a joke is cracked out and they have to wait until the second bounce to get it.

Take it from an English paper, published weekly, that has arrived in this port, a “fan” is a “fancier” of baseball. To the ordinary run of Americans, “fan” is distinctive. It means a baseball “bug,” but the English will not have it that way. We, over here, speak of a chicken fancier—no, we don’t mean what you think; we mean a real one with feathers that looks well in a skillet—also horse fanciers. Perhaps the English would have us trip up and dub ‘em chicken fans or horse fans! An explanatory note under the picture of two notables at a baseball game, says they are “fans,” and adds, “Fan, it may be noted, is short for ‘fanciers’ of baseball.” Just fancy that, old top.

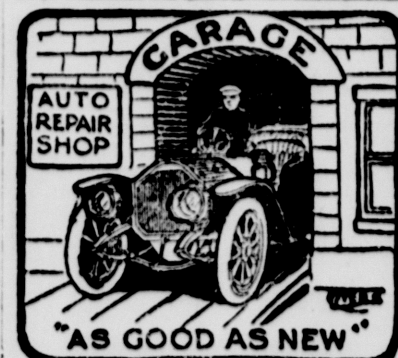

We are given another chance to spoof the boys across the pond, not to mention some of the boys on our own shores in the account of a recent cricket game. As a run getter and batter the wonderful Ty Cobb is a piker compared to a phenom developed in England. Braund, of Somerset, in a recent game, batted for three hours and 45 minutes before he was put out. He scored 257 runs in that time. He’s a cricket player. This may explain why they have militant

suffragettes in England.

Baseball acts like a tonic in this little old realm of ours. Who—as our famous old crab friend, Beau Rialto might ask—who could imagine anything more dreary and uninspiring than a game in which a batter could stand at the plate for three hours and three quarters, laming the hide off a pitcher before being put out?

If one man was permitted to bat for that length of time without being put out, we shudder to think what might happen to the manager who left in a pitcher to be slaughtered in such a blood-curdling manner. The fans—excuse us—we meant to say the fanciers, probably would adopt the militant suffragette course and burn up the grand stand or dig up the diamond. And who could blame them?
